

FIG. 1 is a perspective view of a medical device 20. The device 20 is a long, thin, flexible tube. The proximal end 38 of the device 20 is connected to a connector 45. The distal end 46 of the device 20 is a rounded tip. The tube is divided into sections 42A, 42B, and 42C. A side view of the tube shows internal features 22, 24, 26, and 30. A cross-section of the tube shows internal features 34 and 36. A detail view of the distal end shows features 54, 66, and 68.
